ABOUT ANZAOS

The Australian and New Zealand Association of Oral Surgeons aims to be a meeting place of supportive ideas, suggestions and discussions to meet the needs of future surgeons.

Since the idea of the Association was envisaged the aim has been to have a membership that will be broad involving any person who has an interest in Oral Surgery. We are all aware that successful patient care invites cooperation and the input of many medical and allied health care professionals. In short, the Association is a forum of ideas rather than a closed “club”.

The association has three broad aims:

- **Education**
- **Public Health**
- **Embody Oral Surgeons**

EDUCATION

ANZAOS aims to further Oral Surgery education through

- Supporting University education of Oral Surgery to dental students
- Supporting the Oral Surgery training programs
- Providing education to dentists

PUBLIC HEALTH

ANZAOS aims to support the provision of Oral Surgery services through:

- Supporting the provision of Oral Surgery services within the public health system
- Promoting Oral Surgery services to the public
- Supporting policies for Oral Surgery services

EMBODY ORAL SURGEONS

ANZAOS aims to represent and support Oral Surgeons and their careers

OUR COMMITTEE

The ANZAOS 2024 Committee is made up of five AHPRA registered Oral Surgeons working in a voluntary capacity:

President: Dr Eric Carter

Vice President: Dr Pankaj Taneja

Treasurer: Dr Andrew Thorpe

Secretary: Dr Neeraj Vyas

Vice-Secretary: Dr Thao Truong

THE EVENT: 'IMPLANTS, MODERN ORAL SURGERY & YOUR PRACTICE'

ANZAOS has run its conference annually since 2019, with 2023 being the first year the conference was opened up for sponsorship and the conference proved to be a resounding success. Paying attendees included approximately 70 dental practitioners as well as a further 20 invited guests.

The annual conference is organised by specialist Oral Surgeons and built for the general dentist, this year focussing on the ever growing field of implantology and it's role in general dental practice.

Past conferences have had keynote lectures from leading international speakers such as Professor Tara Renton and Dr Soo Wee Ong and this year is no different. We have two international speakers from the UK: Dr Rob Bolt & Dr Katarzyna Gurzawska presenting.

Three tiers of sponsorship packages for this event is available.

Exclusive Sponsorship - \$14,000

- Sole sponsor of event
- Exclusive Trade-Show Stall
- All-day barista-controlled coffee cart (Cart can carry your commercial banner. Free coffee for all conference attendees served under your commercial name. Stall will be located adjacent to coffee cart and lunch)
